President Cleveland.

By Telegram to THE SENTINEL.
WASHINGTON, March 9.—At 2 o'clock
the members of the diplomatic corps
called officially on the new secretary of
state.

The president again held an open
house to-day and received a large num-
ber of visitors, including congressional
delegations from several states. In order
to devote attention to official matters, re-
quiring action during the present special
session of the senate, it is probable the
president will have to deny himself to
visitors for a few days.

Among those who saw him to-day
were Senators Miller, Macy, Coke, Cul-
lum, Van Wyck, Voorhees, Jones, of
Arkansas; George, Jackson, Gorman,
Lapham; Representatives Henderson,
Beach, Culbert, Robertson, Morse,
Turney, Daniel, Sparks, Brackenridge,
Peele, Van Eaton, Barkdale and De-
rell. Senator Barnum, Robert Garret,
Gen. Hancock, Judge Smith, of New
York; Judge Hunter, ex-Gov. Smith, of
Virginia; ex-Representative Converse
and John G. Thompson.

Congressional News.

By Telegram to THE SENTINEL.

WASHINGTON, March 9.—After the
reading of the journal the chair laid be-
fore the senate a communication from
the secretary of state being a notice
that he (Bayard) had forwarded to the
legislature of Delaware his resignation
of his position as senator, and also com-
munications from the secretary of the
interior and attorney general, notifying
the senate of their acceptance of the
cabinet positions and requesting the
president of the senate to so notify
the legislatures of their respective states.

The credentials of Blair as senator to
fill a temporary vacancy were laid before
the senate and read.

Mr. Vest moved that they be referred
to the committee of privileges and elec-
tions. Lost.

Mr. Hoar offered a formal resolution
that the oath be administered to the sen-
ator from New Hampshire and Harris
asked unanimous consent that it lie over
until to-morrow. Granted.

The resolution offered Friday by Van
Wyck, making inquiry of the secretary
of the interior in regard to the issuance
of patents to the "Backbone road" was
laid before the senate. Van Wyck spoke
at length on the matter.

Garland Presented to the Supreme Judges.

By Telegram to THE SENTINEL.

WASHINGTON, March 9.—When the
supreme court met to-day a large crowd
was in attendance to witness the pre-
sentation to the court of the new attor-
ney general by the retiring head of the
department of justice. Attorney General
Garland and ex-Attorney General Brew-
ster sat together at the bar of the court.
When the justices had taken their seats
Mr. Brewster arose and asked permission
of the court to present his successor,
Hon. A. H. Garland. Mr. Brewster
then said he desired to make grateful
acknowledgments of their undiminished
kindness to him. Attorney General Gar-
land acknowledged the kindness of Mr.
Brewster in presenting him, and ad-
dressing members of the court said:

"I shall attempt with every possible
eagerness in my power to discharge my
duties before this court so as to de-
mean myself to merit your respect and entire
confidence."

The chief justice then directed the
clerk of the court to enter the commis-
sion of the attorney general upon the
record and, turning to Brewster, said:

"The court will be glad to see the ex-
attorney general before his bar."

This ended the ceremony and the court
proceeded to routine business.

The Fire Record.

By Telegram to THE SENTINEL.

AUBURN, N. Y., March 9.—The home-
shop of Hayden & Boyd, prison con-
tractors, burned. Loss, \$50,000; partially
insured. The state loss is \$15,000. It
was probably set on fire by idle convicts,
as this leaves but one contract in force
in the prison.

LOUISVILLE, Ky., March 9.—The
whisky establishment of Williams Bros.,
was partially destroyed by fire this morn-
ing. Loss, \$150,000; insured.

PITTSBURGH, March 9.—C. F. Wells &
Co.'s white lead work at Allegheny City
were partially destroyed by fire this
morning. Loss \$30,000.

NEWPORT, R. I., March 9.—The stables
of the Ocean house burned this morning
with twenty-nine horses.

Nominations.

By Telegram to THE SENTINEL.

WASHINGTON, March 9.—The following
nominations were made: Charles F.
Fairchild, of New York, to be assistant

secretary of the treasury, and John C.
Black, of Illinois, to be commissioner of
pensions.

Washington News.

By Telegram to THE SENTINEL.

WASHINGTON, March 8.—No trust-
worthy opinion regarding the length of
the session of the senate can be
formed at this time. A considerable
number of nominations are expected
to-morrow, and should the new cabi-
net ministers be able to complete their
selections to the appointive officers, the
session may last over a fortnight, but
likely the work of filling these offices
will be complete in that time.

The intention recently entertained
by the members of the committee on

FOREIGN RELATIONS

of bringing forward new treaties
during the session is now in suspen-
sion, owing to the wish of many sena-
tors to get away as early as possible.
It is thought moreover that the new
administration may, as it has the right
to do, call for an amendment
to some or all of the more
prominent treaties. On the other
hand it is said to be in contemplation
to bring up the Nicaraguan treaty
during this session; not for the
purpose of pressing it to a point of rat-
ification, but to discuss it in open ses-
sion on the relationship of the Clayton-
Bulwer treaty to the canal question.
Should this be done, it will be with a
view to getting the judgment of the
country upon the whole matter before
the meeting of congress in December.
The organization of the

SENATE COMMITTEES

engages the attention of senators at
present. It involves more difficulties
than usual, and therefore may not be
decided for several days, although the
caucus committees of both parties
have had the matter under considera-
tion since last Thursday. There are
five vacant chairmanships, including
those of the committee on education
and labor and military affairs, hereto-
fore filled respectively by Senators
Blair and Logan. Senator Blair,
it is understood, will be temporarily
appointed to fill the vacancy created by
the expiration of his term, and it is
probable that he will retain his chair-
manship until his successor is elected.
The chairmanship of the committee
on military affairs, if filled at all, will
probably be filled conditionally so that

GENERAL LOGAN

may return to the place should he be
re-elected to the senate. Senator
Hoar is second on the list of the com-
mittee on claims, but holds a more de-
sirable position as chairman of the
claims and election committee, and
would hardly be willing to make an
exchange. Senator Pike, who has no
chairmanship, stands next, and Sena-
tor Dolph is fourth on the list. The
chairmanship of the committee on
postoffices and post roads is made
vacant by the retirement of Senator
Tillot.

Senator Sawyer, who is second
on this list holds the chairmanship of
the committee on railroads, and Sena-
tor Mahone, who is third, holds the
same position on the committee on public
buildings. Senator Palmer who has
no chairmanship and Senator Wilson,
who holds that of the committee on
the expenditure of public money stands
fourth and fifth in the membership of
this committee. Senator Palmer, it is
said, prefers the chairmanship of the
committee on fisheries, made vacant
by the retirement of Judge Lapham.

Senators Sewell and Dawes stand above
him upon the list but each hold other
chairmanships, which are equally or
more desirable. Senators Hawley,
Aldrich, Hale and Conger hold chair-
manships, of comparatively unimpor-
tant committees and if willing to
assume the more responsible position
now vacant may be assigned to them.
Senator Ewart's eminence as a lawyer
has given rise to the expectancy that
he will be made a member of the

JUDICIARY COMMITTEE,

should General Logan not be returned.
The more important vacancies to be
filled by the minority are three upon
the judiciary committee, created by
the retirement of Senators Bayard,
Garland and Lamar, and one each
upon the commerce, finance, In-
dian affairs, naval affairs and privi-
leges and elections.

Brigadier-General Dilis B. Sackett,
senior inspection general of the United
States, died this morning. His resi-
dence is in this city.

PRESIDENT CLEVELAND

remained quietly at the White house
to-day much to the disappointment of
the largest congregation assembled
this winter for public worship at the
New York avenue Presbyterian church.
The edifice was crowded in every part,
chairs were brought in and placed in
aisles, and every foot of standing room
was made available. The immense as-
semblage listened to the excellent dis-
course, but the countenances of many,
as they emerged from the church,
showed but too plainly that the
absence of the president had left an
aching void, which even the eloquent
sermon had not completely filled.

The St. Louis Fair Association.

By Telegram to THE SENTINEL.

ST. LOUIS, March 8.—The fair asso-
ciation has contracted for the con-
struction, in connection with their new
race track, a series of ten stables,
which will accommodate 500 horses
and which will be the finest of their
kind in the country. They will be
finished by May 15, in good time for
the June meeting, and will cost \$50,-
000.

The Railroad Strike.

By Telegram to THE SENTINEL.

ST. LOUIS, Mo., March 9.—There is
no change in the railroad strike here.
The striking Wabash yard men, thirty-
four in number, were discharged and
paid off to-day. The strike was expected
on the Missouri Pacific at noon but did
not occur. The men are awaiting an-
swer from the superintendent of shops at
Hewitt before a strike is begun.

KANSAS CITY, March 9.—The Missouri
Pacific and Wabash mechanical em-
ployees west of Kansas City went out at
11 o'clock to-day as was predicted. They
have taken no active measures as yet
but freight business is already delayed
for lack of help.

No passengers have arrived on the
Missouri Pacific from the north to-day.
Cars are being detached at Atchison from
two trains. Only mail cars are permitted
to come through.

The Strikers on the Wabash System Still
Determined and Defiant.

By Telegram to THE SENTINEL.

ATCHISON, Kas., March 8.—The
shop employees of the Missouri Pacific
at this point went out at 10 o'clock
last night. The strikers number be-
tween 200 and 300, and are well organ-
ized. Acting under orders from
Sedalia, they visited the yards, took
possession of the switch engines and
ran them into the round-house. Com-
mittees are now stationed in all the
yards to receive and take charge of all
freight engines and

PREVENT THE HANDLING

of freight. At present they will not
interfere with passenger trains. The
demands are a restoration of the
wages to the figure previous to the
last cut. Good order prevails.

DALLAS, Texas, March 8.—Passenger
trains on the Texas Pacific arrived to-
day from opposite directions without
interruption. The railroad men
admit that the strike has
reached its most critical
 juncture. A report is current that
Governor Ireland has been asked to
send troops to

BREAK THE DEADLOCK

along the Texas Pacific, but refused to
comply for the same reasons given for
not calling the militia into action to
suppress the fence cutting. The mass
of people in North Texas sympathize
with the strikers and their methods.
If necessity arose for immediate action
it is doubtful if the militia would re-
spond. An agent of the labor unions
passed through Dallas to-day en route
to Fort Worth, where he proposes to
make his headquarters for the circula-
tion of a petition

APPEALING TO CONGRESS

and the legislature of several states
for immediate legislation "against
tyranny of unrestrained capital."

MARSHALL, Texas, March 8.—The
strikers last night sent a man to
Boyce, Louisiana, on the Missouri
Pacific road to bring engines from
there. He disabled two engines and
brought one to Marshall where the
fire was drawn. This put a stop to
shipping freight from Shreveport to
New Orleans. Quiet order still pre-
vails among the strikers.

A special from Longview says all
classes of citizens sympathize with the
strikers and are rendering them every
reasonable assistance. But a few sec-
tion men are at work. The risk of

PASSENGER TRAVEL

is thereby increased. At Dennison
there is no change in the strike. Every
thing is quiet. The bridge at Durant,
Indian Territory, on the Missouri
Pacific, burned last night. The
strikers allowed the company to take
material to repair the bridge.

KANSAS CITY, March 8.—The em-
ployees of the mechanical department
of the Missouri Pacific and Wabash
railroads at this point, about 136 in
number, have resolved to strike to-
morrow morning.

PARIS, March 8.—General Briers De-
Lisle, the French commander at Tou-
quien, telegraphs that he has relieved
the beleagured garrison at Thuyen-
quan. He says: "We arrived the 3d
inst, at Thuyenquan. The Black flags
and yun nan army had occupied the
pass sides which are inaccessible and
built forts with three lines of trenches.
The fighting was severe.

Our troops behaved more admirably
than ever. When we raised the signal
at Thuyenquan yesterday evening
the French garrison had fought eight-
teen days. After the first breach in
the body of the fortress the garrison
sustained a severe assault, which
caused an immense loss to the enemy.

This siege should be counted among
the most brilliant pages of our his-
tory. The gunboat Traverser actively
assisted in the defense.

Sporting Men Arrested.

By Telegram to THE SENTINEL.

CHICAGO, March 8.—Last night about
200 of the sporting fraternity went to
the suburban town of Blue Island to
witness the cocking main for which a
large number of birds had been pro-
vided, and it was the intention to con-
tinue the fighting throughout the night
and to-day, when it was expected the
crowd would be increased to 1,000.
After the pit was set a deputy sheriff
interfered, but the crowd took him
locked him up in one of the rooms of
the building and proceeded with the
fighting. About midnight twenty po-
lice men from the city descended on the
place and arrested thirty of the partici-
pants and brought them to the city this
morning. Paddy Ryan, the pugilist,
was among the spectators, but was not
arrested.

The County Records Burned.

By Telegram to THE SENTINEL.

ST. LOUIS, March 8.—The Opur
house block at Albany, one of the best
business buildings in Northwestern
Missouri, burned early Saturday morn-
ing, entailing a loss of from \$50,000
to \$75,000. The principal losers are
C. Linn, dry goods, \$32,000 on stock;
S. T. Moore, grocery, \$9,000; Henry
Price, A. W. Hamber, E. A. Scarborough,
\$4,000 each on building. In
addition to the business losses, all the
county records since the county was
organized, including those of the Cir-
cuit court, county recorder and Pro-
bate court, which are totally destroy-
ed. The insurance is about \$30,000.

Salvation Services.

By Telegram to THE SENTINEL.

CHICAGO, March 8.—The services of
the salvation army were interrupted
this afternoon. At first some one from
the outside threw a stone through one
of the windows, then a number of
roughs in the rear of the hall drowned
the hymns with rabid songs. Finally
a hand to hand conflict between them
and the officers of the army took place
in which the latter got much the worst
of it, being borne down by superior
numbers. No serious wounds were
inflicted but the services were broken
up. One man was arrested.

Coal Miners Strike

By Telegram to THE SENTINEL.

PITTSBURGH, March 9.—The coal
miners strike which was inaugurated
to-day, promises to be the greatest war
for wages ever fought by the miners of
this district. Out of 12,000 miners in
the Pittsburgh district, it is estimated
seven-eighths are out to-day for three
cents advance in pay.

The river and railroad miners have
joined hands and are confidently assured
by the leaders of the movement that the
demands will be almost unanimous by
to-morrow. Several works are running
to-day, but the diggers have promised
to come out as soon as they can put
their rooms in proper shape and collect
their tools. President Castello with a
number of agitators are holding meet-
ing along the river to-day, and urge all
to make a united stand and a similar
committee is working along the rail-
roads.

The operators seem determined not to
succede to the demands because they say
there is no demand for coal in the lower
markets. A bitter contest is predicted.

ST. LOUIS, March 9.—The employees
of the Groome shovel company of this

How to be Successful.

Ladies you can be sure of this: that you can not have rosy cheeks and a clear complexion unless you are in good health. Disease always spoils beauty. Advice to Mothers.—Mrs. Winslow's

Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. Twenty-five cents a bottle. Sold everywhere.

Rheumatism Quickly Cured.

There has never been a medicine for rheumatism introduced in Fort Wayne that has given such universal satisfaction as Dr. Williams' Rheumatic Remedy. It stands out alone as the one great remedy that actually cures this dread disease. It is taken internally and never has and never can fail to cure the most obstinate cases. It has the endorsement and recommendation of many leading physicians in this state and elsewhere. It is sold by every druggist at \$1. Write for free 40 page pamphlet to R. K. The Law in the Case.

(Harper's Weekly.)

Mr. Johnson, of Providence, R. I., having lost his wife, made proposals of marriage to a lady of his acquaintance. Her answer was: "Mr. Johnson, my friends think that it is not proper for me to receive your attentions so soon after the death of your wife." To which he replied, "Madam, I have been a constable for more than thirty years, and during that time I have been in constant attendance upon the courts of this state, and I think I ought to know something about law, and I can tell you that when a woman has been dead and buried four months she is just as dead in the eye of the law as if she had been dead a year." This presentation of the case was convincing.

The Great Operatic Conductor.

THE LATE LEOPOLD DAMROSCH.

The sudden death of Dr. Leopold Damrosch in New York city on Feb. 15, at the age of 32, cast a gloom among music lovers the world over. Dr. Damrosch sacrificed his life to his art. He died from overwork. A few days before he passed away he essayed to fill one of his numerous engagements, and while leading his chorus of 800 singers he was obliged to cling to his music stand for support, while the ladies, the audience of his life to see German opera presented in a fitting manner to the American people. To this end he founded the now celebrated oratorio, and symphony societies. The former now contains 400 singers, and the latter society is on an equally grand scale. He was just about closing one of the most successful seasons of grand opera ever seen in this country, after which he intended visiting the principal cities. His son Walter Damrosch, who has had charge of the choir of 70 singers in Rev. Henry Ward Beecher's church, it is expected will take up his father's baton. Dr. Damrosch was a native of Posen. To gratify his parents he studied medicine at Berlin, though his inclination was toward a musical career. By accident he met the great Abbe Lind, who took an interest in him and introduced him to the great musical celebrities of the age, which gave him a prestige that brought him opportunities and fame.

Now listen and hear how distinctly her reply will come back.

One of the Greatest Novelists of the Age.

GEORGE ELIOT.

George Eliot, one of the greatest novelists of our time, and perhaps the best equipped in point of scholarship of any time, was born at Chilvers Coton, in England, on the 22d of November, 1819. Her father, Robert Evans, was a land agent and valuer of estates, and at Griff house, on the Arbury estate, this most wonderful woman of the present century spent the first 20 years of her life. She was named Mary Ann, afterward softened into Marian, and with all her fame, her own name, Marian Evans, never appeared on but one of her books, and that a translation. Her early life was by no means as humble as has often been represented. Her father was a man of remarkable determination, scrupulous probity, and devotedness of spirit, as well as varied practical knowledge. Her mother was an active, practical, shrewd woman, who did while the future George Eliot was 17 years old. This great genius was not a precocious child as regards books. It is even reported that she learned to read with some difficulty. At the age of 5 she was sent to a small boarding school, and at 9 was transferred to a larger school, where she remained until 13, when she was sent to a still better school of learning until she was 18. From that until she wrote her first story, at the age of 37, she was an indefatigable student of learning and science, encouraged and directed during a large part of the time by some of the most accomplished and able minds of England. She knew all the popular modern languages as well as Hebrew and Greek, and between the years of 1842 and 1857, her literary judgment and style were fashioned by the work she did as associate editor of The Westminster and as contributor to other periodicals. This and contact with the best brains of the realm equipped her for her future work as a novelist with all the thought, the erudition and the science of her time. Her first story was "The Sad Fortunes of the Reverend Amos Barton." Before this she had contracted a union with George H. Lewes, the author, only broken by his death, Nov. 28, 1878. In May the following year (1879) she married John Walter Cross, and on Dec. 23, 1880, she died and was buried in Highgate cemetery next to Mr. Lewes. Her spirit joined that choir invisible "whose music is the gladness of the world."

News-Paper Illustrations.

(Northwestern Herald.)

A Georgia editor printed in his paper a picture of himself carrying a big pistol in either hand, a dagger in his mouth, and two daggers and a sword in his belt. Next day when he saw a woman enter his office with danger in her eye and a horsewhip in her right hand, he jumped out of a second-story window and concealed himself in a woodshed.

To the President-Elect.

(The Independent.)

DEAR SIR: The painful duty of turning over to you the administration of the United States and the key to the front door of the White House has been assigned to me. You will find the key hanging inside the storm-door and the cistern-pole upstairs in the haymow of the barn.

I have made a great many suggestions to the outgoing administration relative to the transfer of the Indian bureau from the department of the interior to that of the sweet by and by. The Indian, I may say, has been a great source of annoyance to me, several of

THE INDIAN, I MAY SAY, HAS BEEN A GREAT SOURCE OF ANNOYANCE.

their number having jumped one of my most valuable mining claims on White river. Still, I do not complain of that. This mine, however, I am convinced would be a good paying property if properly worked, and should you at any time wish to take the regular army and such other help as you may need and recapture it from our red brothers I would be glad to give you a controlling interest in it.

You will find all papers in their appropriate pigeon-holes, and a small jar of cucumber pickles down cellar, which were left over and to which you will be perfectly welcome. The appetites and heart burnings that were the immediate result of a hot and unusually bitter campaign are now all buried. Take these pickles and use them as though they were your own. They are none too good for you. You deserve them. We may differ politically, but that need not interfere with our warm personal friendship.

You will observe, on taking possession of the administration, that the navy is a little bit weather-beaten and wormy. I would suggest that it be newly painted in the spring.

THE NAVY IS A LITTLE BIT WEATHER-BEATEN AND WORMY.

If it had been my good fortune to receive a majority of the suffrages of the people for the office which you now hold, I should have painted the navy red. Still, that need not influence you in the course which you may see fit to adopt.

I hope you will receive the foregoing in a friendly spirit, and whatever your convictions may be upon great questions of national interest, either foreign or domestic, that you will not undertake to blow out the gas on retiring, and that you will in other ways realize the fond anticipations which are now cherished in your behalf by a mighty people whose aggregated eyes are now on you.

SEVENTEEN THOUSAND DENTISTS.

There are 17,000 dentists in the United States. Every year they pack one ton of gold into the people's teeth. But they cannot put iron into the people's blood. This is done in the most efficient manner by Brown's Iron Bitters, which contains the only preparation of iron that is safe to use. Nearly eight hundred thousand bottles of this valuable medicine are sold in the course of a year, and each bottle does a beneficent work. Brown's Iron Bitters cannot injure the teeth.

HORSES STOLEN.

Thieves Drive Away a Team of Horses from the Stable of S. F. Swayne.

Early Friday morning thieves entered the stable of S. F. Swayne, at the corner of West Berry and Rockhill streets, and stole a team of horses. The officers knew of the theft since Friday but preferred to keep the matter quiet in hopes that the rascals might be arrested. The mail or telegraph brought no tidings of the missing steeds and Mr. Swayne this morning offered a liberal reward for the recovery of his trotters and the arrest of the thieves. The horses were dark bay in color, and valuable property. Marshal Myer and Sheriff Nelson have sent postal cards to surrounding cities and towns and the thieves cannot hope to evade arrest. This is the only theft of any magnitude committed here in three months and a taste of Allen county justice will not be relished by the horsemen if they fall into Prosecutor Dawson's hands.

FAREWELL, FREDDIE.

The Murderer of Amos Beckwith En Route to the Prison North—Scenes at Parting.

The last chapter in the criminal career of Fred Richards has been recorded. This afternoon Sheriff Nelson put iron on the big fellow and started for Michigan City, where he will be caged until death consigns him to the earth. Richards feigned illness last night in the hope that his tour north would be postponed, but when the racket did not avail, Richards bade his fellow prisoners an affectionate farewell and wept like a child when he kissed his wife and little babes good-bey forever. The scene was affecting and the heart of the murderer for once softened as he pressed to his breast the little woman who alone did not desert him. Sheriff Nelson and family he also tearfully thanked for their kindness to him, and turning to his wife said: "I'd rather go to the gallows now than to the prison for life. The grave would end all." "Don't despair," said the wife, while the tears rolled down her cheeks, "God may right this wrong." Ours is the affair was it attests how constant woman's love is.

THIEVES IN LIMBO.

Michigan Officers Arrest a Brace of Robbers Who Broke into a Pittsburg Freight Car.

On the night of February 11th last a Pittsburg, Fort Wayne and Chicago freight car, standing on a side track in LaPorte, was broken open and 400 yards of Brussels carpet and a number of hats were taken. The loss was quite heavy, over \$500, and the railroad company wanted the thieves badly. Sheriff Nelson and his men went to work and soon obtained a clue, which fortunately proved correct and resulted after nearly four weeks in successfully bagging the game. The robbers were in Michigan and Mr. Nelson sent a description of the crooks to Sheriff Everhart, of LaPorte county. The thieves were found by Deputy Weaver near the Kankakee river, a short distance south of Hanna. They were arrested without difficulty and at a preliminary examination Saturday were bound over to the circuit court for trial. It is said to say that when these rogues finish their engagement with the authorities of LaPorte county they will have a better opinion of Indiana justice than they now possess.

AMUSEMENTS.

The Alice Under Party.

This burlesque company played to a miserable business at the Temple Saturday night. The show is not so bad, but the star and her people were disgusted and out the program very short. Alice will not again come to see us.

Mlle. Rhea in the Gown of a Queen.

Mlle. Rhea will appear at the Temple opera house to-morrow evening in her new play, the "American Countess." The actress is great and the advance sale of seats indicates that Fort Wayne people appreciate the fact. Mlle. Rhea writes an autograph letter to The Sentinel critic detailing her dress, "The costume I shall wear is a marvel of art," says Mlle. Rhea. "The queen of Holland came to Paris on four occasions to have it made to suit her. The queen subsequently going into mourning on the death of the prince of Orange, she refused the dress of Worth. The train is of black satin brocaded with large roses of all colors and ostrich feathers covered with gold. The front is of yellow satin embroidered with different varieties of roses in chenille and birds of paradise. The sides are trimmed with Brussels lace and the bottom with gold lace fringe over scarlet velvet bouffants. The bodice is trimmed with ostrich feathers covered with gold. The effect is magnificent. Nothing finer can be manufactured. If it were covered with gold it would not be as valuable."

MENDLSOHN QUINTET CLUB.

M. Beecher, advance agent for the Mendelssohn Quintet club, was in the city yesterday and arranged for the appearance of his people here in instrumental and vocal concert at Library hall. The proceeds of the entertainment go to the poor of the city and Very Rev. Father Brammer will make the admis-

sion small. The appearance here of the Quintet club recalls one of John Mohr's stories. He says the company played an engagement at a Missouri village last season and a church committee met the musicians at the depot. The chairman approached the people and greeted them with: "Gentlemen, I'm glad to see you, where is Mr. Mendelssohn?" The deacon had not heard of the great composer's death in 1847, and expected to shake by the hand the famous Jew.

THE WABASH WAR.

The Employees Add to Their Numbers and are Confident of Victory.

The Wabash strikers induced additional workmen to join them to-day and hope to so cripple the company's rolling stock that it will have to accede to their demands. Deputy United States Marshal Hayden exercises jurisdiction over the property of the company here, but the workmen do not go near the shops, nor do they molest the trains. The men were not paid off and discharged to-day, as threatened. Just how the trouble will end, no one can safely predict. The strikers are well behaved and orderly.

The Robins Didn't Nest.

A good story is told on John A. Maier's quartet. The young men pride themselves on their powers of song and one cold night some time ago they stood under the window of a Brackenridge street residence and sang to a pretty girl: "When the robins nest again," while the cold air almost took off an ear. Suddenly up went a window, bang went the shutters and the harsh voice of the old man rang out, "To h—i with your d—d robins! Sing about ice bergs," and at the same time he heaved out a scuttling full of coal ashes on the heads of the imprudent songsters. It is safe to say that the robins will do no further nesting around that residence, if the young men's wishes are consulted in the matter.

Do you need a remedy that will cure every kind of humor from a pimple or eruption to the worst scrofula and syphilitic disorders, use Dr. Gynost's Yellow Dock and Sarsaparilla. Three to five bottles cure skin diseases, salt rheum or tetter. Four to ten bottles cure running ulcers, scrofula and all syphilitic disorders. One to three bottles cure sores, boils, carbuncles, etc. One to two bottles cure pimples on the face, blotches, etc. It is the only perfect blood purifier that can be made from a thorough knowledge of drugs. Ask your druggist for it. Take no substitute.

THE COURT HOUSE.

Daily Record of Litigation in Various Courts and the News of the County Office.

Judge L. M. Ninde presided in the circuit court to-day.

Judge S. M. Hensch presided in the superior court to-day, and arranged the docket for a speedy hearing of cases.

The following are the city transfers: J. R. Anneninger and Josiah Locke to Susan R. Shoeff, lots 38 and 39, old plat, quit claim; Susan R. Shoeff to Catharine A. Schweiters, lots 38 and 39, old plat, \$2,500; Caroline Reinking to Henry Ahrens, lot 514, Hanna's addition, quit claim; Henry Ahrens to Wm. Coral Reinking, lot 114, Lasealle's addition, 400; Fliny Hoegland to Eliza, Maria and Emma Hoegland, lot 38, old plat, by will.

In the superior court to-day Phillip Nulf sued the Pennsylvania railroad company for \$20,000 damages. Nulf was a flagman on a Pittsburg train, December 18 last. At Waukegan, the engine left track and threw him from the tender. Two ribs were broken for him, his spine was injured and he sustained internal bodily harm. For this he seeks to recover the amount named and has employed Colerick & Oppenheim and P. B. Colerick to attend to his case.

The gospel service yesterday afternoon at the R. E. Y. M. C. A. rooms on Calhoun street was largely attended. A newly organized bass quartet furnished good music and a fine address was delivered by Rev. Marks, of the Third Presbyterian church.

A Defaulting County Treasurer.

WILMINGTON, O., March 8.—When I. D. Reed, county treasurer, went out of his office he was known to be a defaulter to the amount of about \$20,000. It is now ascertained that the amount is \$35,000. His successor having given Reed a receipt before the last discovery was made, now fears that he may be liable for Reed's misdoings.

Lamar's Successor.

VICKSBURG, La., March 8.—News has reached here that Governor Lowry has appointed General E. C. Wallhall to succeed Secretary Lamar in the United States senate.

Woman's Suffering and Relief.

These languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its former elasticity; driving the blood from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system, are relieved at once while the special causes of periodical pain are permanently removed. None require so much benefit and none are so profoundly grateful, and show such an interest in recommending Hop Bitters as women.

A Postal Card Story.

I was affected with kidney and urinary trouble—

"For twelve years!"

"After trying all the doctors and patent medicines I could hear of, I used two bottles of Hop Bitters."

"And I am perfectly cured. I keep it 'All the time!' respectfully, R. F. Booth, Salisbury, Tenn.—May 4, 1885."

It has cured me of several diseases, such as nervousness, indigestion at the stomach, monthly troubles, etc. I have not seen a sick day in a year, since I took Hop Bitters. All my neighbors use them. Mrs. FANNIE GREEN.

\$3,000 Lost.

"A Tour to Europe that cost me \$2,000, done 'me less good than one bottle of Hop Bitters; they also cured my wife of fifteen years' nervous weakness, sleeplessness and depression."—B. M. Auburn, N. Y.

So. BLOOMINGVILLE, O., May 1, '78.

Sir—I have been suffering ten years, and I tried you Hop Bitters, and it done me more good than all the doctors.

Mrs. S. S. BOONE.

Baby Saved.

We are so thankful to say that our nursing baby was permanently cured of a dangerous and protracted consumption and irregularity of the bowels by the use of Hop Bitters by its mother, which at the same time restored her to perfect health and strength.
